Health, Safety & Hazards Policy

It is the policy of the College to comply fully with the requirements of Australian Law, the Health & Safety at Work Act 2000, and all other relevant statutory provisions.

The College has a responsibility to provide a safe environment for your child and the Principal is responsible for health and safety matters concerning the College premises. All staff are aware of potential hazards within the College and the surrounding environment and actively protect children from hazards.

We aim to provide all staff with first aid training. All accidents and any incidents are recorded in the Accident Report Book. All accidents are accurately notified to the parent/carer as soon as possible. Hygiene rules relating to bodily fluids are followed with particular care and all staff are aware of how infections can be transmitted.

In the College we aim to:

i. Involve and motivate College staff in all matters concerning Health & Safety.

ii. Prevent accidents, injuries and ill-health and to identify and eliminate hazardous situations.

iii. Achieve a high standard of occupational health, safety, welfare and hygiene.

iv. Control situations likely to be hazardous to health and safety in the College or cause damage to persons or equipment.

v. Provide a safe and healthy environment.
